

# Winter Solstice Celebration "Embracing the Dark"

Saturday, December 19, 2009, 7:00 PM - 10:00 PM  
\$25.00 pre-register, \$30.00 at the door

- We will celebrate the Winter Solstice as the Sun aligns with the Galactic Center - during the shortest days of the year when the Sun stands still for a moment - a most powerful evening and event!
- Through a Ritual we will Embrace the Dark with a Chant - or Joik; a traditional Sami chant from Sweden
- We will meditate on the entrance to the Sacred Galactic Center, and heal together for the change from Dark to the Light - we all will become Healers during this Ritual
- *Please bring an item from your altar or an object from nature to be empowered in our Circle and for you to bring home renewed*
